Calvin is a bird with 3 brothers, 4 sisters and 67,432 cousins. All the little starlings learn to swoop, hover, and fly figure eights but Calvin has different interests, different skills and different goals. Calvin eventually learns that he can do what the other birds do but that what he does best is just as important.

Key Vocabulary

Starling: a black bird with dark, shiny feathers
Eaves: the lower part of the roof – usually sticks out beyond the wall of the building, making the perfect spot for a bird to build a nest
Swoop: to dive down suddenly from above
Hover: to stay very near to
Soar: to fly high with little effort
Flutter: to wave quickly back and forth or up and down
Migration: when a group moves away at the same time
Formation: a grouping (of birds)

Teacher Note: NED reminds kids that we each have our unique differences! “Just because we like to do different things and may even be better than other people at doing certain things – we each have things that we are best at. Sometimes we are able to get more done together because we each have unique strengths. Even if you can’t do something as great as someone else – you should always try to do your personal best. That’s what makes you a Champion!”

Before Reading: Discussion Starters
1. Have you ever felt different from those in your family?
2. Do your friends/family members do some things better than you do? Do you do some things better than your friends/family members? How does it feel?

After Reading: Discussion Starters
1. How did Calvin’s discoveries differ from the other young starlings?
   The starlings all discovered the same things-worms, grass, dirt and water. Calvin was the only one that discovered a book.

2. What were the disadvantages of being different? Calvin wasn’t prepared to do the basic things birds do – fly! How did it impact Calvin? He was unprepared to migrate with the rest of the birds when it came time. Remind students that sometimes we have to do things – even if we don’t like them or want to – and it’s smart to “Do Your Best” at everything you do. How did it benefit Calvin? He was excited (his heart fluttered) to learn about all sorts of things. He loved what he was learning. He learned things that no one else knew. It made him happy to be in the library. How did it benefit all the starlings in the end? His book knowledge allowed him to identify storm warning signals and save the birds from disaster.
3. How did the starlings react to Calvin being unique? What was Calvin’s response? They called him names. How did it make Calvin feel? Calvin ruffled his feathers (talk about how that phrase means to be upset). He was sad and escaped to where he was happy – the library. How could NED have encouraged Calvin? If the birds had been NED-like, they would have encouraged his desire to want to read about all those topics but talk to him about why he needed to learn how to fly NOW. They did tell him he only had a couple of days to learn. When the formation took off – Calvin felt lonely. He had a tear roll down his cheek.

4. Have you ever felt lonely because what you could do best was so different from what your friends could do best? Answers will vary.

5. Why did Calvin’s brothers, sisters and cousins come back for him? Answers will vary as kids make inferences. They loved him. They cared for him. They didn’t want him to be mad at them. They thought maybe they might need him in the future. They were told to. It was the NED thing to do!

6. Did Calvin do his best to learn the important things a starling needs to do? What could he have done differently? Calvin did not do his best. He did not practice swooping soaring. He did not attend his lessons. Calvin could have done both – some bird practice and book reading.

7. In the end, what Calvin did best (read and gain knowledge) saved the rest of the birds. How did they feel about Calvin? They believed him and listened to his advice. After the storm passed, they honored Calvin. They celebrated together when Calvin realized that he too could fly.

8. Do you think Calvin kept being the best at reading? Why or why not. Answers will vary. Maybe – he loved it so much! Other starlings might have learned to read as well – maybe even better than Calvin! It wouldn’t matter as long as Calvin did HIS personal best.

Writing Prompt

“Oh, how the wounding words of scorn do sting!” Write about a time that someone’s words hurt you. What would you tell them about being more NED-like?

Activities

Everyone is different and important! Write and draw your response to the questions, using the double-sided printable.

Move Like a Bird! Give your brain a break and do some movement that is most likely not what you would typically do:

- Ruffle your feathers
- Jump, hop, dance, flap wings
- Loop-de-loop left with your head
- Dipsy-doodle right with your arm

Before Reading: Discussion Starters

1. What does it mean to “show off”?
2. How does it feel when someone “shows off”?

After Reading: Discussion Starters

1. Make a list of events in the story. Discuss Goat’s feelings and attitude at each event. Answers will vary. Encourage students to list as many different emotion words as they can.
   • Mad (things changed when unicorn moved in)
   • Proud (when he felt cool riding bike to school)
   • Insignificant (when unicorn flew by to get to school)
   • Excited (when dancing in talent show)

2. Make a list of feelings that UNICORN had throughout the story. Answers will vary

3. Why did Goat say “I can’t follow that” in the talent show? He thought Unicorn’s talent was better than his. He didn’t feel his best was as good as Unicorn’s best.

4. How did Goat react to Unicorn? Goat called Unicorn names, mimicked him and made rude comments about others who befriended him. How could Goat have been more like NED? Answers will vary. How did Unicorn react to Goat? Unicorn appeared to be unaware of the problems he was causing for Goat. Once Unicorn discovered a unique ability of Goat, he was full and praise and encouragement for Goat. He talked about how he struggled with some of the very abilities that others thought were so amazing (like eating glitter and rainbows on a sensitive stomach).

5. Discuss how each person’s “best” is not the same. Help students to see that our unique gifts and things we are BEST at can work together for good – like in the story.

Vashti leaves art class with a blank piece of paper believing that she can’t draw. With the encouraging words from her teacher, she starts with something very simple – a dot – and begins to realize that when she takes a step towards doing her best, she begins an amazing journey of self-discovery and acceptance of her uniqueness.

**Teacher Note**: NED reminds kids to do their best at everything!

“Even if you can’t do something as great as someone else – you should always try to do YOUR personal best. That’s what makes you a champion!”

---

**Before Reading: Discussion Starters**

1. Think about something one of your friends can do really well. How does it feel to not be able to do it as well as they can do it? Answers will vary. Don’t try anymore. Keep working at it. Allow students an opportunity to share.

2. How does it feel to “Do Your Best” and have it not be as good as someone else?
   - Answers will vary. Encourage them to see the importance of doing your personal best and realizing that we each have unique strengths.

---

**After Reading: Discussion Starters**

1. Why was Vashti’s paper blank at the end of class? Was she NED-like?
   - She did not feel she was an artist and instead of trying, she did nothing. She was NOT like NED – she DID give up and she DIDN’T do her best.

2. Identify and discuss the different feelings, emotions and attitudes that Vashti showed throughout the story. Share WHY you think she felt the way she did at that moment. Use illustrations, story and inference to discuss and support answers.

Writing Prompt

Journal Writing: Write a persuasive argument piece. Is it more important to DO your best or BE the best? Support your answers. Use the printable to aid students in organizing their arguments.

Activities

The Squiggly Line Divide students into groups of 3-5. This is a silent activity (you can thank us later)! Hand the group one piece of paper with a squiggly line on it. The first person has 60 seconds to do his/her best to create something using the line. Every 60 seconds, the paper and pencil is passed to the next person to do his/her best and keep the drawing growing. Students must add to what is drawn and not start something entirely new. Remind the student to not talk about what they are trying to draw. Provide encouraging words about discovery and experimentation as each person works on the drawing. Keep it rotating as long as interest is high and time permits. Have each student sign the drawing and hang your class masterpieces!

## Conclusion

Do your best to persuade someone!
Everyday Tyler says or does, Jake says he can do it better. Tyler soon feels like he shouldn’t even try to do anything until his Uncle Kevin jumps in with some advice. He helps Tyler understand that Jake’s bragging has nothing to do with his own abilities. This true-to-life story shows how boasting and bragging is no way to make and keep friends and encourages kids to be accepting of “doing your best” rather than “being the best”.

Teacher Note: NED reminds kids to do their best at everything! “Even if you can’t do something as great as someone else – you should always do YOUR personal best. That’s what makes you a champion at school and in life!”

Before Reading: Discussion Starters
1. What is more important, to do your best or be your best? Answers will vary
2. How does it feel to be around someone who is always better than you? Answers will vary

After Reading: Discussion Starters
1. How does Tyler feel when he has to do something that he isn’t very good at, like the math test? Hands get sweaty, brain turns to mush, says “I am stupid”, says “Test is stupid”. He isn’t very encouraging to himself!
2. What do you do when you aren’t very good at something? Answers will vary. Allow students to talk about their experiences and share their personal responses to struggles.
3. Is Jake NEDlike? What could he have done to be more like NED?
Jake does NOT encourage Tyler – he brags about his own abilities and makes Tyler feel worse. NED would have seen Tyler doing his very best and encouraged him to keep trying and not give up.
4. What was Tyler’s problem with Jake?
Jake kept rubbing it in his face that he could do things better than Tyler. This made Tyler feel inferior to Jake. Tyler started to isolate himself rather than face the embarrassment.
5. Is it wrong to be proud of your own accomplishments? Answers will vary. NO! just make sure you are not demeaning to others. Discuss appropriate ways to be proud of yourself.

6. Who had the problem – Tyler or Jake?
   Tyler wasn’t alone in his feeling about Jake. He treated others the same way. He bragged and
   boasted with all his friends. Help students to understand that when someone has a “better than
   you” attitude, it is NOT about you. Everyone has things they are BEST at...just keep doing
   YOUR best and your best will get better.

7. Explain why Uncle Kevin said Jake was like a puffer fish.
   A puffer fish puffs up his body to make himself bigger than he actually is. It protects him from
   enemies because he looks bigger. When the puffer fish gets really big – it pushes other fishes out
   of the way. Jake was puffing up with pride which resulted in pushing away all the friends around
   him.

8. Why do you think Jake needed to puff himself up when he’s with his friends?
   Answers will vary. Lack of confidence, lack of attention, lack of praise for his accomplishments,
   jealousy, one-upmanship attitude from sports, etc.

9. Does failure mean you didn’t do your best?
   Answers will vary. Failure is so important to growth. What did you learn? What can you do
   differently? Help students to understand that when you do your best and fail – you are just one
   step closer to success.
